

# BRINGIN' IT HOME

This year, we are offering chapters, organizations, and individuals the opportunity to sponsor sessions by our distinguished roster of presenters. Sponsorship of these sessions will be on a first-come, first-served basis. A list of presenters will be available by the end of July 2021.

Each year, the annual OGS conference provides attendees the necessary skills to improve their research techniques and the opportunity to develop valuable contacts through various networking events. The keynote speaker for the 2021 conference will be Peggy Clemens Lauritzen, and featured luncheon speakers will be D. Joshua Taylor and Ari Wilkins.

Thank you for your interest! We look forward to your help as we “bring it home” for attendees in April 2021.
